## **News about Intercessors**

Servers are needed at every service: Readers, ushers, and coffee hour hosts are needed on a regular basis, as is an intercessor. An intercessor is one who prays on behalf of others, and as is the case here at St. Luke's, someone who leads the prayers of the people. Often, the intercessor leads the prayers from among the people, in the center aisle, rather than from the lectern. In this way, the intercessor is "among the people" as he/she prays on our behalf, and it is more inclusive for people who would prefer to avoid the steps to the lectern. The Vestry has decided to move the prayers of the people to the center aisle in the hope that more people will consider serving in this capacity. As the intercessor, one would need only to step into the center aisle, face the Chancel, and read the prayers as provided, or from the BCP page 392. If you have any questions, please see Senior Warden Mickey Baccoli for additional information.

## **From the Church of the Epiphany:**

### **The Witting Tree; A Faith Witness**

From the first day of November through Veterans Day, in a silent and faith-filled witness, they will be hanging twenty-two sets of dog tags daily in a public remembrance of the twenty-two veterans who take their lives daily. The burdens of war are carried heavily by our veterans. We hope to raise awareness of the ongoing impact of war on veterans and the wounds of body and soul that they can bear.

There is a communal need for honest acknowledgment, careful tending, and genuine homecoming. Growing by 22 sets daily, The Witting Tree will bear 242 sets in these eleven days and remain on the tree throughout the month.

On Sunday, November 10 th, at 9:15 AM, there will be a gathering in the morning at the tree closest to the parking lot in front of the church. An opportunity for members of the community to hang additional dog tags in remembrance of a veteran who took their life by suicide will be followed with a brief service at the tree. Most of the witting service is done silently and only takes a few minutes. Still, we hope the 22 sets of dog tags placed on the tree as a reminder of the number of veterans the Department of Veterans Affairs says die by suicide each day will send an unforgettable message. We seek to demonstrate our concern for our foreign and domestic protectors in a public remembrance that acknowledges the wounds and provides an opportunity for healing.
